INTENT TO REGISTER IN A PRACTICUM COURSE

Instructions/Procedures:

- *To be completed by student once a tentative arrangement has been made between the student and his or her prospective practicum supervisor.*
- *Once completed, this form should be given to the Clinical Practicum Coordinator.*
- *Note: Students enrolled in 9800 will hand in two of these forms (one for adult and one for the child placement) late in the Fall term or early in the Winter term.*
- *The form will be reviewed by the Clinical Practicum Coordinator. If the coordinator approves, he/she will sign the form, give it to the Clinical Program Assistant to file and send the student an email acknowledging receipt of the form. Students may register (online) for the course only after they have received the email from the Practicum Coordinator.*
- *If plans change from the time this form is submitted to the time the practicum is slated to start, submit a revised form, and indicate (on this form, in the space provided) that this is a modification of the earlier submission. This modification is to be approved by the Clinical Practicum Coordinator, the approval acknowledged in an email to the student. .*
